## **GLOUCESTER MEDICAL CENTRE DAIRY CATTLE PARADERS COMPETITION Immediately After Type and Production**

This competition for young people is designed to encourage interests in cattle and development of handling skills. It is the HANDLER, not the animal, that is being judged so that the quality of the animal is not of great importance.

It need not be a stud animal. The animal should be within the handling capacity of the competitor.

We hope that young people not normally involved in Shows will take this opportunity to participate.

Competitors will be expected to parade an animal in the judging ring and stand it up for presentation to the judges.

Competitors are encouraged to train their own animal. However, suitable animals may be borrowed at the show. The DAIRY Section is open to paraders with animals of a breed or cross normally used for dairying.

### **No Entry Fee**
